## Parable of the Sower

Have you ever planted anything? Perhaps you took some packages of seeds and planted a garden of vegetables. If so, you know that the type of soil that you have is very important to the success of a garden. If the ground is too hard, or full of rocks and weeds, you probably won't have a very good crop of vegetables.

In our Bible lesson today, Jesus told a story about a man who went out and planted some seeds. This story that Jesus told is usually called "The Parable of the Sower," but actually, the story is more about the soil than it is the sower or the seed. Some of the seed that was planted fell on the path where the ground was very hard. The seeds just lay on top of the ground and the birds came and ate the seeds. Some of the seed fell on rocky ground. The seeds sprang up quickly, but when the sun came, the plants dried up because they didn't have good roots. Some of the seeds fell among weeds and plants grew for a little while, but the weeds took over and choked them out. Fortunately, some of the seed fell on good soil and the plants grew strong and healthy and produced a good crop.

In Jesus' story, the Word of God is the seed, and we are the soil. Often, when we come to church, the preacher is preaching the Word, but we aren't really paying attention. Perhaps we are thinking about what we are going to do that afternoon or about what we did yesterday. We are hearing the Word, but we are not listening. That is like throwing seed on the top of the ground. It won't ever grow into anything in our life.

There are other times when we hear the Word and we get excited about it, but then our excitement fades and we drift away. That is like the seeds that fall on the rocky ground. The plants spring up, but then die because the roots are too shallow.

Sometimes we hear the Word and we believe what it says, but we want to keep on doing the same things we have been doing. That is like planting the seed in with a bunch of weeds. I can tell you what will happen, the weeds will soon take over!

When we hear the word, and we listen and try to understand what it says and put it into practice in our daily life, then we are like good soil. We are like soil where the seed takes root and grows and produces a plentiful harvest. That is the kind of soil that Jesus wants us to be. What kind of soil are you?

### Let's Pray:

**Dear Jesus, we want to be like the good soil. Help us to listen to God's Word and put it into practice in our daily life. In your name we pray. Amen.**
