God Made Everything (Psalm 8)

Have you ever looked at the stars, a beautiful sunset, or an amazing animal and thought: "Wow!"

In Psalm 8, David looks at the world God created and wonders how great God is.

He sees:

- the sky
- the moon and stars
- animals
- the whole world

David says that God made everything, and it is wonderful.

But there is something amazing:

God did not forget us.

Even though the world is so big, God knows us and cares about us.

God made every person special.

God made:

- you
- your family
- your friends
- people from every country

God gives us the job of caring for his wonderful world.

We can care for creation by:

- looking after nature
- caring for animals
- helping others

The good news is simple:

God made a wonderful world, and you are special to him.

Let Us Pray

Dear God,

Thank you for making our amazing world.

Thank you for the sky, animals, plants, and people.

Help us to care for your creation and remember how much you love us.

Amen.

God Made Our World (Psalm 8)
