🏠 **Family Activity: The Kindness Challenge**

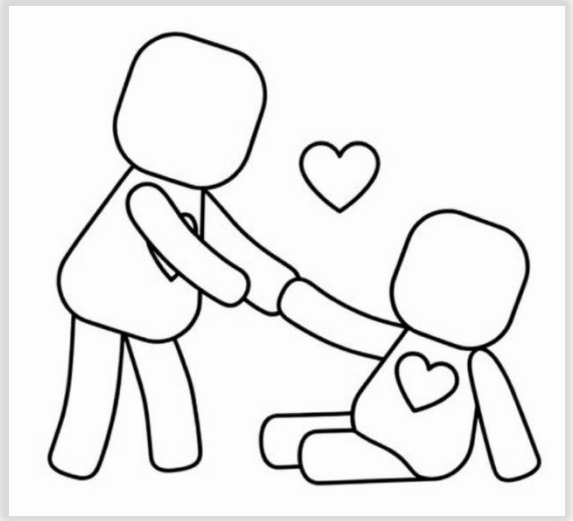

This week, see how many little acts of kindness your family can do together. Try to do **one kind thing each day** for someone else. At the end of the week, Ask each other: **"How did we show Jesus' love to other people?"**

Pray together:

Dear Jesus, thank you for showing us how to love. Help us to notice people who need care and kindness. May we share your love through the things we do. Amen.

🕮 The Story (Matthew 25:31-46)

Have you ever helped someone who needed you?

Perhaps you shared your lunch, helped a friend who had fallen over, or made someone feel welcome.

In today's Bible story, Jesus told his friends about a day when everyone would stand before him.

Jesus said that he would welcome those who had cared for others.

The people were surprised. They asked him, **"When did we see you hungry, thirsty or in need, and help you?"**

Jesus explained that whenever they helped someone who was hungry, lonely, sick or in need, it was just like helping him!

But those who had ignored people who needed help had missed an important opportunity to show love.

Jesus wanted everyone to understand something very special:

When we care for others, we are showing love to Jesus.

We don't have to do big or amazing things.

We can share our food, visit someone who is lonely, welcome a new friend, help someone who is struggling or simply take time to listen.

Every small act of kindness matters.

⭐ **The good news is simple:** When we show love to others, we are showing love to Jesus.

🙏 Let Us Pray

Dear Jesus,

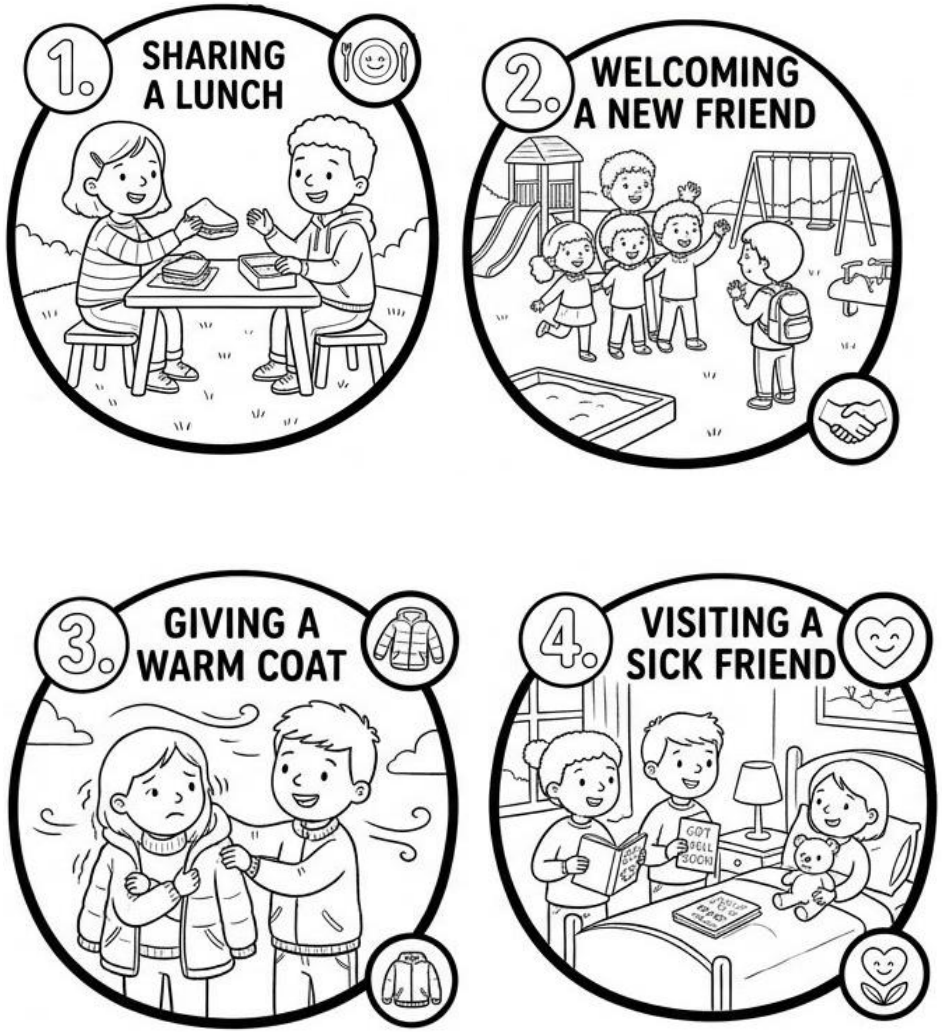

Thank you for loving and caring for everyone.

Help us to notice people who need our help and to be kind, generous and welcoming.

Show us how to share your love through the little things we do every day.

Amen.

Show God's love through what you do.
